

R.I.P. (rust in pieces)

3. You work in a car repair shop and one day a customer brings in his/her rusty car. Explain to him/her what causes this rust damage and what you can do for him/her. Give two tips on how to prevent this kind damage.

- Make proper connections between cause and effect
- Use the correct tense when you talk about the past, the present or the future.
- Perhaps the following words can help you along:

vergaan, corrosie, blootstelling, herstellen, vochtigheid, ...

"Excuse me sir, there seems to be a problem with the paint of my car. Can you fix this?"
